

Another week has flown by!

- Hendersonville delivered 74 bouquets this week and Asheville delivered 15 bouquets
- Below find a great picture of some of our volunteers delivering this week to Carolina Village Medical Center. Look at those smiles!

- Sadly, the "Paint your own Bouquet" event originally scheduled for August 23 has been canceled due to lack of interest. Many thanks to Cathy MacDonald who did a LOT of work to schedule and make this event a possibility.
- We still have a week to purchase from Pampered Chef and earn 30% for our BOK organization. So get your order in. Just go [here](#) before August 29 and help yourself with some great PC products and help BOK with our fundraiser.
- We have a great partner in TJ who has donated many flowers to us this summer from his farm! He sent us the following. I don't know about you, but staring at flowers and counting bees sound pretty peaceful to me! Below is the info if you are interested in attending and help with the Great Southeast Pollinator Census. The Address of the farm is **386 Heather Downs Dr. Alexander, NC 28787**

🐝 **Come hang at the farm + help count pollinators!** 🐝🌸

We're participating in the **Great Southeast Pollinator Census** with the Madison County Cooperative Extension on **August 22 from 2PM - 4PM**, and we'd love to make it a fun day with friends!

The assignment is pretty simple: **stare at a beautiful flower for 15 minutes and count how many times it gets visited by a pollinator.** 🐝🦋 You can do as many—or as few—15-minute sessions as you'd like.

We're one of just **four farms participating in Madison County this year**, so it feels pretty special to be part of it!

We'll have some light snacks and beverages here, and hopefully plenty of flowers, sunshine, good conversation, and pollinators. 🌻

Come for an hour or stay for the afternoon—we'd just love to see you! **Hope you can make it out to the farm on August 22!** ❤️
